

Dear Classmates:

## Stay connected!

The Alumni Association will keep you connected for life with free services. It's fast and easy to register ([https://alum.mit.edu/choose\\_relationship.vhtml](https://alum.mit.edu/choose_relationship.vhtml)) for an **Infinite Connection** account. Just choose a username and password, then start using these great features:

- o **Email forwarding for Life (EFL\_** <https://alum.mit.edu/login.vhtml>) - End the hassle of multiple addresses or disappearing ISPs. Register for a permanent your prefix@alum.mit.edu email alias and you'll never have to send change-of-email notices again. Your prefix@alum.mit.edu address will forward to up to five active email accounts. Update your forwarding address online, anytime.

- o **Online Alumni Directory** (<https://alum.mit.edu/login.vhtml>) - Search for old friends, colleagues, and classmates. Network with alumni in your area. The directory has advanced search features. For example, you can find all the registered members of a given living group, course, or class. You can further refine searches using additional categories. For example, you can go down this path: Mechanical Engineering (15547 records), 1950-1957 Graduation Years (1732 records), Undergrad Dorm (322 records), East Campus (10). The search capabilities should satisfy the most enquiring MIT mind.

- o **Update your Personal Information** (<https://alum.mit.edu/login.vhtml>) - Keep your information current so your friends and colleagues can keep in touch. Add or delete email forwarding addresses. Update your listing today! The Alumni Association has now provided us with the capability for inputting two "home" addresses into the Association Computer System.

- o and more .....

Don't pass up these useful and easy to use services. Register now.

Best wishes,

Martin Zombeck
