Dear MIT South Asian Alumni,

Are you looking for a chance to meet your fellow alumni, or perhaps network for a job or venture connection? Are you a South Asian alumni who graduated from MIT, and are looking for ways to maintain a fruitful connection to the Institute? Are you interested in socially and intellectually stimulating activities with fellow alumni?

The newly formed MIT South Asian Alumni Association (MITSAAA) is your opportunity to reconnect with the Institute and its South Asian alumni through a stimulating array of events for learning, entertaining, forging new friendships, and catching up on old ones. As a member of the MIT South Asian Alumni Association, you will receive monthly updates of all upcoming events electronically and by mail. You will also receive reduced rates to attend the events. Membership also includes the annually updated member alumni directory, pre-approved access to an MITSAAA LinkedIn group, and other essential resources for networking.

Dues will be used to help fund networking events for current students and alumni, job exchange boards and career panel discussions, international conferences geared to unite alumni in the south asian region, and various other local and regional mixers, talks and activities.

Don’t miss out! Earn a return on your MIT experience. Mail in the attached form or go online to join today. Get the ball rolling to meet new friends and colleagues, try new activities, and get an insider pass to truly high quality continuing education.

Best regards,

Mohit Rawat CH ’04
