“The Phoenix Ivy Council aims to foster local social, cultural, educational, and civic activities benefiting the development of greater Phoenix. It is perhaps the only group of its kind in the country, representing nearly 10,000 alums residing in the greater Phoenix area and Arizona at large.”

The Phoenix Ivy Council is managed by a board of directors, which is comprised of representatives of its participating alum groups, and is funded by donations, sponsorships and income generated as a result of its events, not through individual dues. For additional information regarding the Phoenix Ivy Council please see our website at www.phoenixivy council or email us at info@phoenixivy council.com.
